MARQUIS Devon £48,995

It really was a stroke of genius on the part of super-dealers Marquis to put its links to Auto-Sleepers to good use, by commissioning a bespoke range of 'vans built on the Mercedes Sprinter base. We like the Devon's thoughtful touches, such as the levelling indicators and piano-style interior door hinges.

Practical **Motorhome** says...

Our one reservation stems from the Sprinter base, which is a bit wallowy. The higher-end engine options are excellent, though, as is the optional automatic gearbox
